

Tema Design by MK Illumination

## Themes Designed and Produced to Perfection

Tema Design by MK Illumination is responsible for the worldwide supply of amazing sceneries, enchanting decorations, lighting concepts and themed attractions.

We are a company 100% specialised in Amusement Parks and we have many years of expertise in creating decorative elements, settings and production designs.

We have 250 employees ranging from sculptors, artists, carpenters, engineers, architects, electricians and mechanics as well as specialists in 3D and design. Hence, we are able to create top of the line woodwork, fiberglass and lighting designed to express exactly what you want.

Everything is possible - nothing is impossible.

That is our philosophy. We live and breathe experiences.

That is why, with our colourful imagination and a workplace full of fun, we are able to make your wildest dreams come true.

Being a part of a large organisation and having more than 25 years of experience in the attraction industry, it is without doubt, that we have a wide scope of competences and decorative tasks in the bag.

Whatever you desire, we can deliver.

OUR PASSION  
IS OUR WORK

## Themed projects

No task is too big or too small

We live and breathe experiences. That is why, with our colourful imagination and a workplace full of fun, we are able to make your wildest dreams come true.

Take a look at some of the projects we have crafted and feel comfort in knowing we can create your themed attraction too.

## Customised Props

It all starts with a dream

A dream so magnificent it needs to come true.  
Let your imagination be our next challenge.

From a simple idea to a source of inspiration, we can take your dream,  
and turn it into a tangible and amusing visual experience.

We will give you inch-perfect production and  
world class craftsmanship.

## References

We strive to build strong collaborations with our trusted and highly-valued clients. To us, strong collaborations are built on trust and our clients take comfort in knowing that we are capable of creating and producing enchanting designs of high quality, that we deliver on time, and that we take care of everything needed to turn your visions into reality, so you can focus on the important business of taking care of your guests.

### Gilles Campion, Parc Saint Paul

*Our dinosaur head is one of the things Tema Design by MK Illumination has made for us, and it has received a lot of attention. We highly value the strong quality and expertise portrayed by our Danish collaboration, and look forward to working with them in the future.*

### Steve Van den Kerkhof, Plopsa

*Tema Design by MK Illumination showed great understanding in our vision and our high quality standards for our new theme park Majaland Kownaty. The collaboration with Tema Design by MK Illumination is of big significance, as they deliver statues of our most popular characters Maya the Bee, Heidi and Vic the Viking as well as other decorative elements.*

### Henrik B. Nielsen, Djurs Sommerland

*For our new large scale attraction "DrageKongen", we needed a collaboration that could deliver themes of very high quality based on our vision. We chose Tema Design by MK Illumination as we know they are capable of this, and they have always delivered on time when we have used them as our supplier.*

### Morten Palm Andersen, Tivoli Friheden

*Tema Design by MK Illumination has been the supplier of several exciting projects to Tivoli Friheden, for example Billy City and later Bisværmen. To us, Tema Design by MK Illumination is a skilled sparring partner as well as a supplier - always with a professional and competent approach to our park and our industry.*

### Thorsten Backhaus, Movie Park Germany

*Tema Design by MK Illumination has been a pro-active supporter for updating our Rapid River ride since we announced our plan to transform the ride into Excalibur – Secrets of the Dark Forest. This and their excessive knowledge of theming production were key elements in choosing them for our large scale themed transformation. We must say that Tema Design by MK Illumination has truly demonstrated their capability as a supplier for themed attractions, and we are very proud of the end result.*

### Chris Lange, Europa-Park

*When we decided to renew our French themed area for our 2018 season, we wanted an authentic looking water mill, which we knew would be difficult to produce, as specific construction knowledge is needed to balance the wheel.*

*We chose Tema Design by MK Illumination as supplier to design and produce our new water mill because of their knowledge and because our previous corporations have turned out really great e.g. when we needed mesmerising lighting decorations for our entire park.*

### Andreas Veilstrup Andersen, Liseberg

*Our guests come to Liseberg to experience a winter world, and a big part of the experience is the light and other decorations. We have about 5 million points of light in here, and depending on the experience we want to create, we have various selections of lights.*

*The illumination of the park takes place in close cooperation with Tema Design by MK Illumination, whom is also about to deliver new Christmas decorations.*

### Torben Kylling Petersen, Universe

*Tema Design by MK Illumination has delivered decorations for our cartoon village. We are highly satisfied with our cooperation with Tema Design by MK Illumination, who shows great flexibility and knowledge of our industry.*
