

The Major New Theme Park Rides and Attractions for 2016

By Tracy Kahaner

blooloop

This is the eighth annual study Bloolooop has conducted regarding news rides and attractions at theme parks and amusement parks around the world.

BY TRACY KAHANER (LEFT), PRESIDENT KAHANER RESEARCH AND NEWS EDITOR, BLOOLOOP

While this listing provides an in-depth overview of the rides opening during 2016, it is not exhaustive.

Except for a few instances those rides that have relocated from one park to another have been omitted from this analysis; along with those rides that have been renovated, restored or re-themed (i.e. New Revolution at Magic Mountain or Soarin' Around the World at Disney's California Adventure and Epcot). In addition, the vast majority of rides geared towards the very young child along with aquatic attractions have been omitted.

The material used to create this report has been obtained through a variety of reliable sources including the ride manufacturers, park operators, architects and designers. Per usual, no rumors or speculation of rides has been included. All information reported below has been well researched and is believed to be accurate at press time.

Name of Ride/Attraction/Park	Theme Park Name	Theme Park Location	Type	Brief Description 1/	Manufacturer	2016 Opening Date	Est. Cost	Ride Capacity (persons per hour)	Press Release / Facts / Other
