CREATING HAPPIER WORLDS

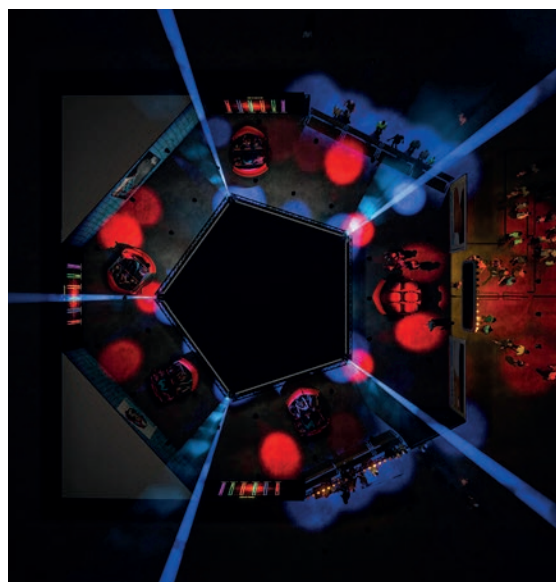

SMASH & RELOAD
SMART & COMPACT
DOUBLE-ACTION
DARK RIDE FAMILY

ACTION-BASED & IMMERSIVE

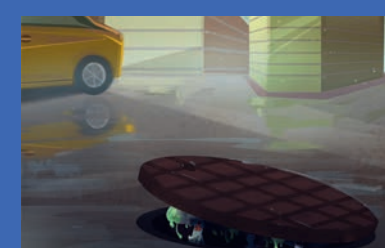

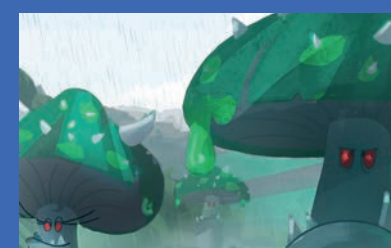

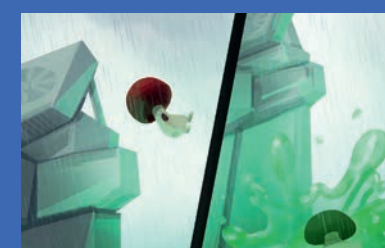

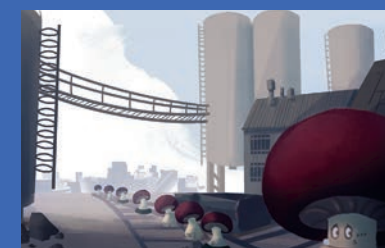

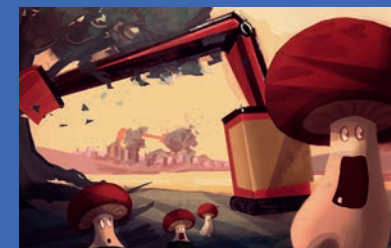

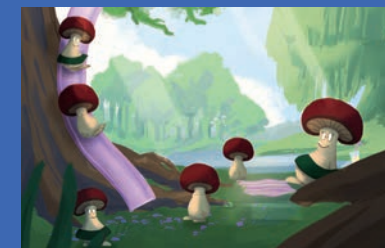

Smash & Reload is BoldMove's family of compact and media-based interactive dark rides, combining a fun and easy gameplay with smart ride system. It can stand alone or be integrated in a themed park area with other attractions. With its amazing visitor capacity, both versions of Smash & Reload offer the best price to throughput ratio across the industry.

A centralized projection system keeps the entire attraction compact and maintenance savvy, yet without compromising on fun. Equipped with a high level sound system and exciting projection technologies, visitors enjoy a thrilling experience with family and friends. From their rotatable vehicle they hit a button to load the pointing device and then smash the TooMush characters into their original shape. Smash & Reload offers four minutes of double action and fun with a high scoring system for repeat visits.

- **Dynamic easy gameplay** for all ages
- **Double action:** shoot & reload! Proven fun!
- **Highly visible inside and outside** through giant leaderboards: attractiveness and repeat visits!
- **Smart infrastructure and use of technology:** compact and maintenance savvy
- **TooMush IP or customized theming** and characters
- **Amazing light design** & technology with strong visual impact
- **Competitively priced!**

ENGAGING & FUN IP

It starts in a peaceful, beautiful forest and ends up in your nearby city. The cute and rapidly expanding "Mushies" are being exposed to nasty pollution and turn into horrible creatures. Yet they still multiply at a pace that will become an issue if not harnessed quickly. Your role is to stop them, with proper help and ammos.. So go for it and be remembered as THE team that saved the city ! But beware, you are not the only ones chasing them ...
