The GameCABIN is a unique, modular and high-quality interactive 3D game solution for various types of leisure locations:

- Shopping malls
- Amusement centers
- Recreational parks
- Hotels/restaurants
- Cruise ships

GameCABIN's unique stand alone concept

Thanks to its modular design, GameCABIN easily fits into virtually any leisure center. GameCABIN offers various lay-out and installation options. From an open structure to a complete closed cabin in which participants fully take part in the GameCABIN experience.

The dimension of the GameCABIN depends on the number of players. This starts with 2 by 2 meters for one player (LCD), to larger multiplayer set-ups.

Pure Gaming Fun!

Different Games

Several games are available for the GameCABIN. All games have a high fun factor and are child-friendly. Just fun!

SnowFrenzy

SnowFrenzy, a fun and interactive shooter game that takes place in a wintry mountain landscape. As a player you end up in a hilarious snowball fight in which the snowballs literally whizz past your ears.

Xmas Frenzy

Xmas Frenzy is a great Christmas version of SnowFrenzy. With Christmas balls, Christmas hats Christmas trees and Santas! Throw some snow in a Christmas atmosphere!

Moon Bunny Rescue

In this game Moon Bunnies are captured by the evil cat Icys and trapped in the cat's castle. It's your goal to free all Bunnies and defeat Icys and her dragon. Challenging and hilarious!
